16. [REDACTED] Met with Mr. Philip Kelleher, House Armed Services Committee staff, who advised that Chairman Rivers and Senator Russell were to have met at noon. Representative Rivers was carrying to the meeting the background documentation relating to the special project and that if this subject was not covered in today's meeting, time has been allocated for the two to meet on Friday before the Senate-House conference meeting.

17. [REDACTED] Met with Mrs. Lil Benedict, Personal Secretary to Representative Olin Teague, and advised that the [REDACTED] briefing requested would relate primarily to matters [REDACTED] and in consequence would be quite different from the general briefing which would be given in Headquarters if such is desired by Representative Teague. In conversation, I commented that Mr. Teague had kept himself quite well up to date on Southeast Asia and that as of the present time it did not appear that there would be very much new to him in a briefing prior to departure. Mrs. Benedict thanked me and advised she would pass this on to the Chairman. Due to a change in plans, it will now be necessary for him to leave the city on Thursday and return to Texas prior to leaving the country and his time has become very critical.
